WASHINGTON, Wednesday, March 16.

DISPATCH FROM GEN. SHERMAN.

Maj.-Gen. W. T. SHERMAN, in a dispatch dated Vicksburg, Feb. 27, via Cairo, March 10, has addressed the following to Lieut.-Gen. GRANT, care of Maj.-Gen. HALLECK:

GENERAL: I got in this morning from Canton, where I left my army in splendid heart and condition. We reached Jackson, Feb. 5, crossed the Pearl and passed through Brandon to Morton, where the enemy made disposition for battle, but fled in the night. We pushed on over all obstacles, and reached Meridian Feb. 14. Gen. POLK having a railroad to assist him on his retreat, escaped across the Tombigbee on the 17th. We stayed at Meridian a week; and made the most complete destruction of railroads ever heard; south below Quitman, east to Cota Station, twenty miles north to Lauderdale Springs, and west, all the way back to Jackson. I could hear nothing of the cavalry force of Gen. WM. SMITH ordered to be there by Feb. 10. I inclose this by mail, with a copy of his instructions. I then began to give back slowly, making a circuit by the north to Canton, where I left the army yesterday in splendid condition. I will leave it there five days in hopes the cavalry from Memphis will turn up there. I will have them come in."

DISPATCH FROM GEN. BUTTERFIELD.

CAIRO, Friday, March 11.

Maj.-Gen. BUTTERFIELD has addressed the following to Lieut.-Gen. GRANT or Gen. HALLECK:

Gen. SMITH arrived yesterday at Memphis. His command is all safe. Our total loss in killed, wounded and missing is 170 only—the general result of his expedition, including SMITH's, and the Yazoo River movements are about as follows: 250 miles of railroad, 67 bridges, 7,000 feet of trestle, 20 locomotives, 98 cars, 10,000 bales of cotton, several steam-mills, and over 2,000,000 bushels corn were destroyed. The railroad destruction is complete and thorough. The captures of prisoners exceed all loss. Upward of 5,000 contrabands and refugees came in with various columns.

OPERATIONS OF GEN. SODOM.

NASHVILLE, TENN., March 11.

Lieut.-Gen. U. S. Grant:

After conquering Decatur, DODGE pushed west to Courtland, thence to Moulton, driving the enemy, capturing many prisoners and stores, ammunition, salt and stock.

SPECIAL DISPATCHES TO THE N. Y. TIMES.

WASHINGTON, Wednesday, March 16.

DEATH OF PRISONERS IN RICHMOND.

It has transpired that no less than 500 of our prisoners in Richmond died during the month of February. The last instalment received at Annapolis were in comparatively good condition, having been inspected before being sent off, and the sick or disabled retained. Whether the rebels intend thus to swell the mortality list, and increase the number of totally disabled, is a subject of conjecture with those returned.

THE WILKES COURT-MARTIAL.

In the WILKES Court-Martial to-day, the cross-examination of Commodore BALDWIN was continued. He testified to the activity of the accused in cruising in the West Indies, while in possession of the *Vanderbilt*, and to the superior speed of that vessel to the rest of his squadron. His testimony further showed that, in accordance with orders, the accused had dispatched his vessel to Brazil, transferring his flag, on departure of the rebel privateers, in accordance with instructions.

GEN. MEADE TO BE SUPERSEDED.

Notwithstanding the persistent denials, Gen. MEADE is to be superseded in command of the Army of the Potomac. The order relieving him, and appointing his successor, will be issued in a few days.

CREDITS FOR ENLISTMENTS IN THE REGULAR ARMY.

Under a new order, all men enlisting or reënlisting in the regular army, from the different armies in the field or from the District of Columbia, will be allowed to select the State, district, township, town and ward to which they prefer being credited to the localities where they are made.

DISPATCHES TO THE ASSOCIATED PRESS.

WASHINGTON, Wednesday, March 16.

PASSAGE OF THE GOLD BILL.

The Senate has concurred in the House amendment to the Gold Bill, which now only awaits signature to become a law.

EXCITEMENT AMONG THE GOLD SPECULATORS.

A large number of gold speculators were in attendance at the House to-day, exhibiting a high state of excitement pending the action on the Gold bill. When the vote was taken they rushed to the telegraph instrument to advise by that agency their distant friends.

THE RAPPAHANNOCK.

It is officially known that the statement that the *Rappahannock* has left Calais and gone to sea is erroneous. She was still detained at Calais on the 27th of February, and her case was under consideration of the French Government.

THE DEFICIENCY BILL.

The Deficiency Bill, which has now become a law, contains the following appropriations:

For completing the repairs of the Government Warehouse on Staten Island, $10,000.

For alterations of the Custom-house in Cincinnati, Ohio, $25,000; for alterations of the Custom-house in Louisville, Ky., $15,000; for the completion of the Custom-House at Dubuque, Iowa, $30,000; for repairs and preservation of custom-houses, marine hospitals, and other public buildings under the supervision of the Treasury Department, $10,000; for erecting a naval hospital at Kittery, Me., $25,000; for extending the Naval Asylum at Philadelphia, and for erecting a naval hospital at Washington, D. C., $35,000.

LOSS OF THE DANISH BARK CONSTENTIAN.

As the steamer *Saluda*, Capt. REDMOND, of the New-York line of steamers, was en route for Washington and Georgetown, she collided with the Danish bark Constantian, Capt. OSTERMA, bound for New-York, with a cargo of iron. The collision occurred before daylight, about 29 miles from Cape Henlopen, and was attributable to the lights carried by the bark, causing a mistake as to her character. The *Saluda* struck the bark a little forward of the fore-rigging, and she went down immediately. The Captain, two mates, one passenger, and three seamen were secured from the *Constantian*, but on account of the darkness and the rapidity with which the bark went down, the steward, three seamen and a boy were lost. The *Saluda* was but slightly damaged—her bowsprit being broken, and other unimportant damage to her hull.

The resolution was agreed to.

CONCERNING GOVERNMENT CONVICTS.

The bill was referred to the Committee on the Judiciary.

This bill is designed to authorize the transportation of convicts of the United States Courts to prisons designated by the Secretary of the Interior, and to contract for their labor as to the prisons of the States, until suitable prisons shall be provided, and the prisoners distributed in the country. The actual reasonable expenses of transportation are allowed, as are also the expenses for the subsistence of prisoners in the custody of the United States Marshals. For drunkenness or other misdemeanor the invalid soldier is to be punished by the deprivation of the pension due him or to become due.

IN RELATION TO DESERTERS.

Mr. WILSON, of Massachusetts, (Union,) introduced a bill in relation to deserters from the military service of the United States, which was referred to the Committee on Military Affairs.

This bill disqualifies for voting or holding office all deserters who are beyond the limits of the United States, but directs the President to issue a proclamation of amnesty dependent on their return to the service, with no punishment but loss of pay during their absence or their reënlistment in new regiments. Deserters hereafter are to be deprived of the above-mentioned rights of citizenship.

A NEW RULE.

Mr. WASHBURNE also reported from the same Committee (the Committee on the Rules) an amendment to the rules, so as to not permit any member to vote in any case when he was not within the bar of the House before the result of the vote should be announced. Laid on the table.

THE POST-OFFICE APPROPRIATION BILL.

The House concurred in the Senate's amendments to the Post-office Appropriation bill.

These amendments appropriate $540,000 for the payment of letter-carriers, and $1,500,000 to meet any deficiency which may exist in the Post-office revenue.

THE GOLD BILL.

The House then proceeded to the consideration of the Gold Bill, as returned from the Senate with amendments.

Mr. HULBURD, of New-York, (Union,) had yesterday proposed an amendment providing that the obligation to create the Sinking Fund, according to the Act of Feb. 25, 1862, shall not be impaired by the sale of gold.

Mr. STEVENS, of Pennsylvania, (Union,) in reply to a few observations of Mr. PERRY, and Mr. KERNAN, of New-York, said the obligation of the Act of 1862 did not require that the Sinking Fund should be paid in gold, but that the Government should buy only so much of the public debt as would amount to one per cent. annually.

The amendment of Mr. HULBURD was agreed to.

Mr. HARDY, of California, (Union) opposed the bill. It was a proposition to enable the Government to go into the market and gamble in gold. What was the difference in principle between the Government with millions in its hands for this purpose and individuals with only thousands? He was opposed to the Government buying with gold its own paper at a depreciation of its value fixed by itself. If gold is to be taken out of the Treasury, let it be paid to the Government creditors. In this way we would be enabled to sustain the credit of the Government, and keep its paper at a higher value. He would vote against the Government becoming a stock-jobber and gold-broker. We should be faithful to our pledges that the coin in the Treasury should be reserved for the payment of the interest on the public debt and decreasing the Sinking Fund.

Mr. KELLEY, of Pennsylvania, (Union,) was opposed to the proposition to sell gold when it was first brought before the House thinking it might do harm, but on reflection he had changed his mind and would now give to the bill his support. He did not consider that the power would interfere or impair the obligations of the Government as to the Sinking Fund or payment of the interest on the public debt. By keeping the twenty millions of gold we are losing interest upon it and increasing the price of commodities to the Government, to the wives and children of our soldiers in the field, and to the people at large. He briefly argued that the granting of the power would have a beneficial effect both on the Government and the community. The bill did not make it the duty of the Secretary of the Treasury to sell surplus gold, but authorized him to do so in his discretion for the best interest of the country.

Mr. STEVENS, of Pennsylvania, (Union,) did not intend to make a long speech. He had no knowledge that would justify him in indulging in theories regarding financial matters. He had not much faith in theory against fact. By the legislation of Congress, two years ago, whether wisely or not, it was declared, in effect, "that gold is no longer money in the actual and practical sense of the word." The money of the nation is that which has been made lawful money by act of Congress, which has demonetized gold and other coin. He repeated that practically what Congress has declared lawful money is the standard of value. Iron and lead have been increased in price as well as gold. The use of gold or any other metal, when used in lieu of paper money, is the exception, and not the rule. The Government holds $30,000,000 of gold, and $20,000,000 are wanted by the merchants. Let it be known that the Government has money which it can sell at a reasonable rate when the Shylocks on the Rialto will cease to whet their knives and sell their gold at the same price. He did not desire to see overtrading in order that foreigners may take from us our gold. In the course of his remarks, he said that on the 1st of January next we will have $50,000,000 in gold on hand, and have a surplus of which we could make disposition. In conclusion, Mr. STEVENS moved the previous question.

Mr. COX, of Ohio, (Dem.,) moved a call of the House, but this was disagreed to.

The bill as amended by the Senate, with the amendment of Mr. HULBURD, viz: providing that the obligation to create a sinking fund, according to the Act of Feb. 25, 1862, shall not be impaired thereby, was then passed, 85 against 57, as follows:

YEAS—Messrs. Alley, Ames, Anderson, Arnold, Ashley, Baldwin of Massachusetts, Baxter, Beaman, Blair of Missouri, Blair of West Virginia, Blow, Boutwell, Boyd, Brandegee, A. N. Clark, Cobb, Cole, Cresswell, Davis of Maryland, Dawes, Dawson, Donnelly, Driggs, Dumont, Eckley, Eliot, Farnsworth, Fenton, Garfield, Gooch, Grinnell, Griswold, Hooper, Hotchkiss, Hubbard of Connecticut, Hulburd, Jenckes, Julian, Kasson, Kellogg of Michigan, Kellogg of New-York, Kelley, Loan, Longyear, Marvin, McBride, McClurg, Miller of New-York, Moorhead, Morrill, Morris of New-York, Amos Myers, Leonard Myers, Norton, Odell, O'Neill of Pennsylvania, Orth, Patterson, Pendleton, Perry, Pike, Rice of Massachusetts, Rice of Maine, Schenck, Schofield, Shannon, Smith, Spalding, Starr, Stebbins, Steele of New-York, Stevens, Thayer, Upson, Van Valkenburgh, Wadsworth, Washburne of Illinois, Washburne of Massachusetts, Webster, Whaley, Wilder, Wilson, Windom, Woodbridge.

NAYS—Messrs. James C. Allen, Ancona, Bailey, Baldwin of Michigan, Biles, Broomall, Clay, Coffroth, Cox, Davis of New-York, Deming, Dennison, Eldridge, Hall, Hale, Harrington, Harris of Illinois, Herrick, Higby, Holman, Hutchins, Kernan, Knapp, Law, Long, Mallory, Maxey, McAllister, McDowell, Molinde, McKinney, Middleton, Miller of Pennsylvania, Morris of Ohio, Morrison, Noble, O'Neill of Ohio, Pendleton, Price, Pruyn, Radford, Randall of Pennsylvania, Rogers, Rollins of Missouri, Ross, Steele of New-York, Stiles, Strouse, Sweat, Thomas, Train, Voorhees, Wheeler, White of Ohio, Williams, Yeaman.

The bill as it has passed is as follows:

"That the Secretary of the Treasury be authorized to anticipate the payment of interest on the public debt, by a period not exceeding one year, from time to time, either with or without a rebate of interest upon the coupons, as to him may seem expedient, and he is hereby authorized to dispose of any gold in the Treasury of the United States, not necessary for the payment of interest on the public debt, provided that the obligation to create the Sinking Fund according to the Act of Feb. 25, 1862, shall not be impaired thereby."

THE UNEMPLOYED GENERALS.

The House resumed the consideration of the bill to drop from the rolls of the army unemployed general officers.

Mr. COX, of Ohio, (Dem.,) offered a proviso that whenever any officer comprehended in this act demand a Board of Inquiry, and who shall be willing to serve, that such board shall be convened, and if said board shall find him competent to command in the rank to which he is entitled, he shall be at once restored to active service, with full pay; and provided further, that all officers who have received the thanks of Congress during the present war shall be exempted from the operation of this act.

The bill was discussed at considerable length by Messrs. COX, KERNAN, FARNSWORTH and GARFIELD.

Without action on the bill, the House, at 4:30, adjourned.

FROM PORT ROYAL.

Arrival of the Transport Daniel Webster.

The steam transport *Daniel Webster*, Capt. SHERMAN, from Port Royal, S. C., via Fortress Monroe, 72 hours, in ballast to United States Quartermaster, arrived this morning.

OUR JACKSONVILLE CORRESPONDENCE.

Occupation of Pilatka—The Place to be Fortified and Held—Reinforcements Arriving.

JACKSONVILLE, FLA., March 11, 1864.

Wednesday night, an expedition, under the command of Col. BARTON, embarked on board transports and proceeded up the St. John's River to Pilatka—a distance of 60 miles from Jacksonville. At Pilatka the troops were landed without any opposition whatever. Artillery accompanied the troops, and every preparation was made to fight the enemy in case he should dispute the possession of the place.

The intention is to fortify Pilatka and hold it permanently. It is a town that was formerly occupied by about 500 inhabitants. At present, only a half dozen families are in the place. The buildings, gardens and groves are in excellent condition, not showing the usual indications of devastation and ruin. It would seem the families were forced to leave their homes by the rebel emissaries, who filled their ears with all sorts of nonsense regarding the treatment they would receive if they remained within our lines.

The town is nearly stripped of movable property. In peaceable times it was noted for its exports of cotton, tobacco and lumber. We are informed that a considerable quantity of cotton is in the surrounding country. At one point, 85 miles from Pilatka, 3,000 bales of cotton are represented to be stored. All this property will be seized by our men and taken to a place of safety. This is not the first time Pilatka has been visited by our men. At the occasion of a former expedition to Jacksonville, our troops went up the St. John's River as far as Enterprise.

The army transport *Delaware* left Pilatka at 2 o'clock yesterday afternoon, and arrived here at 5 P. M. the same day. On the passage down a woman approached the bank of the river and waved her handkerchief, evidently with a wish to be taken aboard, but it was impossible at that time to send a boat to her.

The night that was chosen for the expedition was extremely dark, and the rain fell in torrents. At intervals on the way rebel camp fires could be seen. Two gunboats preceded the transports, but they were not required to use their guns.

Col. GUY V. HENRY, with his light brigade, continues to do good service in watching the movements of the enemy in our immediate front. Since the skirmish that took place last week, in which the rebels were defeated, nothing of importance in the fighting line has occurred.

Reinforcements are constantly arriving.

WRIT.

The Engineers' Strike in Illinois.

CHICAGO, Wednesday, March 16.

The old engineers have resumed work on all the roads except the Rock Island, Alton, and St. Louis and Illinois Central. Upon these roads passenger trains are running as usual.

DEPARTMENT OF THE GULF.

Arrival of the Creole from New-Orleans—The Approaching State Convention.

The steamer *Creole*, from New-Orleans March 9, arrived at this port yesterday.

Our files by this arrival contain very little news.

The committee appointed by Gen. BANKS to consider the questions connected with the calling of a State Convention and the election of delegates, had reported, recommending 150 as the best number of representatives, the apportionment to be made by assigning one delegate to every 2,304 white inhabitants.

The propeller *Dudley Burk* came in collision with the Mexican steamer *Algedon* on the night of the 6th inst., about 60 miles below New-Orleans, and the latter vessel sunk in five minutes. No lives lost.

Gen. SHEPLEY had been presented with an elegant silver service by his friends in New-Orleans.

THE STATE CONVENTION.

The Committee appointed by Gen. BANKS to consider the questions connected with the calling of a State Convention and the election of delegates, has made its report, which appears in the New-Orleans papers. It gives the apportionment of delegates which it recommends each parish, and says:

We have concluded to recommend 150 as an appropriate number of delegates for the Convention. This was the number suggested by the Free State Committee, but few of whose suggestions in reference to the calling of a convention we have seen any occasion to change or differ from. Were all these delegates to be elected and to attend, the number would not be too great, considering the vastness of the interests involved and the importance of the present crisis, to fully represent localities and the varied interests of our population. It must be remembered, also, that a representation cannot be counted on, although invited from parishes without the lines of the Union army; and this fact, with the usual contingencies of declension and absence from other causes, renders it improbable that a greater number than say a hundred will be in attendance out of the 150 assigned.

The number of white inhabitants by the census of 1860 was 357,629. There will be one delegate to 2,384 white inhabitants. We have arrived at the apportionment by assigning to each parish one delegate for every 2,384. Some few parishes have not the required number, but it is in accordance with all precedent that each parish should be allowed one representative. After going through this process with all the parishes in the State, the odd seats are assigned to those having the greatest surpluses or remainders, all of them exceeding half the number adopted as the representative divisor.

We are clearly of opinion that each delegate should have the qualifications of an elector—the right to vote in the district he may be elected to represent.

COLLISION.

From the New-Orleans Times, March 6.

The propeller *Dudley Burk*, Capt. BARTLETT, from Philadelphia 12th ult., via Port Royal and Key West, came in collision with the Mexican steamer *Algedon*, Capt. TYRRES, bound for Matamoras, on the night of the 5th inst., about thirty miles below the city, at 8½ o'clock, through a mistake and not having the regulation lights. The *Algedon* struck the *Dudley Burk* on the starboard bow, causing the *Algedon* to sink in about five minutes. Capt. BYRNES and crew jumped into their boat immediately, without oars, and were picked up by the *Dudley Burk*'s yawl, which was lowered immediately after the collision took place, and Capt. B. and his crew were brought on board and came up to this city.

The *Algedon* was a small steamer, fitted out at Algiers, and was intended by her owners as a freight lighter over the bar at Matamoras. She cleared for the above port with 173 barrels of flour and other produce.

FROM BERMUDA.

A Blockade-Runner Unable to Get Into Wilmington—The Will-o'-the-Wisp Beached—Admiral Hope at Bermuda.

HALIFAX, Wednesday, March 16.

The new blockade-runner steamer *Floire* arrived this morning from Bermuda in four days' passage, for repairs. She was unable to enter the port of Wilmington, and reports the blockade-runner *Will-o'-the-Wisp* beached off Wilmington.

The new British flagship *Duncan*, with Admiral HOPE aboard, arrived at Bermuda on the 12th.

No Bermuda papers have been received.

FROM FORT MONROE.

FORT MONROE, Tuesday, March 15.

The following harbor regulations have been issued:

DEPARTMENT OF VIRGINIA AND NORTH CAROLINA,

All vessels of every description passing the guard-boat within the limits of this Department, will immediately report at this office on Baltimore Wharf. All steamers are prohibited from throwing overboard ashes while anchored in the channel leading to Hampton, and the commanders of such steamers will be held accountable for the violation of this order.

To prevent accident and damage to the submarine telegraph cable, no vessel will be allowed to anchor between the two red buoys on the upper end of Hampton bar. Anchorage must be found eastward or westward of these buoys.

ANDREW AINSWORTH,
Captain of the Port.

FROM SAN FRANCISCO.

SAN FRANCISCO, Tuesday, March 15.

There is rather more activity in business. Isthmus butter and sugars are very firm. Foreign and domestic spirits are unsettled. There have been extensive operations in alcohol, ales, &c. Goods are going to Oregon en route to Boyes and the neighboring mines as rapidly as transportation facilities will permit. Telegraphic advices from Portland, Oregon, represent all steamers leaving for the Cascades as crowded with passengers and freight.

County Conventions to elect delegates to the State Convention were held throughout Oregon on the 12th. As far as heard from all passed resolutions indorsing the policy of the Government, and recommending the reëlection of ABRAHAM LINCOLN.

WILLIAM BALFIELD, late Indian Agent on Puget Sound, has been murdered by Indians on the northwestern coast of Vancouver's Island.

SAN FRANCISCO, Wednesday, March 16.

There was a fine shower of rain, accompanied with heavy thunder, throughout the State last night. The weather is showery to-day. Very heavy rains are required to revive and mature the crops of grain and hay.

The slight fall of rain has already caused a material decline in Breadstuffs. Wheat is quoted at $1 80 @ $1 90 per 100 lbs. Isthmus butter is firm at 37½c.

Some brass field pieces which had been ordered from Vallejo to Sacramento, were burned, with the warehouse containing them, on Monday night. The work was supposed to be the act of a secesh sympathizer. The Legislature has appointed a committee to investigate the matter.

Affairs in Colorado Territory.

DENVER CITY, Wednesday, March 16.

Spring immigration has already commenced. Trains are arriving, and the coaches from the States are full.

New discovered quartz lodes are reported daily, and cause an influx of Eastern capital and machinery with improved process for saving gold.

A good supply of water from the heavy snows in the mountains, for mining and agricultural pursuits, make the prospects of Colorado bright for the coming season.

From Gov. EVANS, we hear of an Indian fight near Arkansas, between the Arrapahoes, Cheyennes and Utes. The latter were victorious. We also learn that the Sioux have threatened war on the whites in the spring. The military authorities will take precautionary measures.

Navigation on the Upper Mississippi.

MILWAUKEE, Wednesday, March 16.

The Mississippi River is open to Lake Pepin. A boat left La Crosse to-day for Reed's landing.

SOUTHERN NEWS.

Recent Military Operations in Virginia.

News from the Rebel Armies in Tennessee, Georgia and Alabama.

Progress of the Work of Funding the Rebel Currency.

We have received our usual files of Southern papers, the dates being up to the 14th instant, inclusive. The Richmond papers are quite mild in tone, having evidently expended all their fury on the recent operations of the National cavalry forces. We make the following extracts:

THE WAR IN VIRGINIA.

THE RECENT AFFAIR AT SUFFOLK.

From the Richmond Dispatch, March 14.

Additional particulars of the fight at Suffolk last Wednesday show that it was a perfect rout of the enemy. Gen. RANSOM advanced on the town about 10 o'clock in the morning and chased in the negro pickets. A regiment of negro cavalry was stationed in the town, which dismounted after the first fire and scattered in all directions. *Many were killed in the streets.* Several took refuge in a house in the eastern part of the place, and refusing to surrender, the house was fired. One got out during the burning, discharging his musket at our men as he came out. *He was instantly killed.* The negroes who remained were consumed in the flames. The negroes are pursued to Jericho bridge, which they tore up after crossing. The whole affair seems to have been a race for life on the part of the "colored United States Cavalry." The camps and quartermaster stores were destroyed. Several of the negroes who enlisted in Suffolk were cut down at the very doors of their former masters. On Thursday morning a large force of Yankees came up, and some skirmishing took place this side of Suffolk. Our whole loss in the affair was three men. The enemy lost about thirty.

OFFICIAL DISPATCHES FROM GEN. PICKETT.

PETERSBURG, March 16.

The following dispatch just received:

HEADQUARTERS, SUFFOLK, March 8, via WELDON, March 16, 1864.

The enemy occupied Suffolk in force on Sunday. We attacked them to-day, and after a short struggle drove them in a rout out of the town, killing a number, capturing one piece of artillery and a large quantity of commissary and quartermaster's stores. The enemy are flying to Portsmouth, burning bridges and leaving everything behind. We pursued beyond Bernard's Mills. M. W. RANSOM, *Brig.-Gen.*

G. E. PICKETT, *Maj.-Gen.*

THE FIGHT AT MANTAPIKE OR STEVENSVILLE.

From the Richmond Sentinel, March 16.

The late fight, in which DAHLGREN was killed, took place Wednesday night, at 12 o'clock, between Stevensville and Mantapike Landing, on the Mantapike, and on the Mantapike farm. It has been stated that the officers made their escape on the night of the fight, and before the surrender. Several of these were captured on a neighboring farm on Thursday night, where they were seeking food. Their names are Maj. E. T. COOKE, Second New-York, (had a Lieutenant-Colonel's commission in his pocket;) First Lieut. HENRY A. D. MEARES, Fifth New-York, and First Lieut. R. BARTLEY, Signal Corps, United States. In the same party was an Irishman, M. E. HOGAN, Third Indiana, celebrated as a scout, who has been taken prisoner twice before; also privates THOS. WILLIAMS and JACOB LICHER.

RAID ON THE PENINSULA.

From the Richmond Dispatch, March 11.

Reports were received in the city yesterday of the appearance of a Yankee force on the Peninsula, which proved to be true. From passengers by the York River road yesterday afternoon, we get some particulars of this movement, which appears to be merely a raid for the destruction of property. On Monday last, three gunboats and six transports reached West Point, and sent ashore a body of infantry. They then proceeded up the Mattapont River, and landed a body of troops, which marched to King and Queen Court-house. A passenger who came from Fraser's Ferry says that about daylight yesterday morning a conflagration was observed at the Court-house, six miles off, which was reported to be the burning of the Court-house and a mill near it. Shortly afterward a detachment of about 150 Yankees came to Fraser's Ferry and fired on some of our men who were there, but who succeeded in effecting their escape.

The reported burning of the Court-house is not credited by other passengers. They say that the Yankees came into the county on Monday and encamped at Mr. ARMISTEAD's farm, taking all his corn and provisions. That night they were fired into by some of our cavalry, and one of them was killed. *They stayed Tuesday until 4 o'clock in the day*, and then fell back below Hickory Ford. If the burning seen was done by them, they must have returned Tuesday night.

FROM NORTHERN VIRGINIA.

THE WAR IN MISSISSIPPI.

THE ATTACK ON YAZOO CITY.

From the Richmond Dispatch, March 12.

The following dispatch was received at the War Office last night from Demopolis, Ala.:

To A. Cooper, A. and I. General:

Gen. LEE telegraphs that ROSS and RICHARDSON attacked Yazoo City on the 5th, capturing many stores, and destroying much cotton about being shipped. The enemy retired to the city and held it until reinforced. They were driven out of the city, which was recaptured while the stores were being destroyed. We have quite a number of prisoners. Our loss was about fifty killed and wounded. The enemy still occupy Yazoo City and Liverpool, and are intrenching at the latter place.

SHERMAN issued a general order at Canton, in which he speaks of many regiments in his army entitled to furloughs.

GEN. SHERMAN'S MARCH.

DEMOPOLIS, Ala., Monday, March 7.

A dispatch to Gen. JACKSON, dated Canton, 3d, says the enemy's army, with the Sixteenth and Seventeenth Corps, and between 25,000 and 30,000 infantry, and 1,500 cavalry, left Canton that morning, after remaining three days. SHERMAN reached there the 28th, remained six hours, and then pushed on to Vicksburgh, leaving MCPHERSON in command. He sent back nine couriers in great haste to MCPHERSON on the 20th, urging him to hasten to Vicksburgh, via Livingston and Brookville.

A large number of empty transports passed down the river to Vicksburgh, said to be for the purpose of taking SHERMAN's army up the river. The enemy destroyed the railroad eight miles below Canton, and in the country burned houses and destroyed provisions. Over 200 of the enemy were killed or captured. Ross killed 50 out of 70 negro cavalry near Yazoo City. Several wagon trains were also taken. The enemy destroyed no railroad bridges. Cyphered dispatches were captured from the enemy's couriers. Transports are going down the YAZOO River.

SPY HUNG.

MCGRAW, the Federal spy, was executed this morning.

THE WAR IN TENNESSEE.

Correspondence of the Savannah Republican, Feb. 22.

To-day a General Order from Division Headquarters announced to the soldiers of Gen. HOOD's old division that Gen. BUCKNER had been assigned to its command. The order was issued by Gen. BUCKNER, who expressed himself highly honored in being appointed to lead these time-honored veterans, and as he placed implicit confidence in them he hoped they would give the same to him. Great satisfaction is manifested in this turn of our affairs, as no doubt the bickerings and ill-feelings of the contest for the Major-Generalcy will now cease. Gen. BUCKNER is a very courteous gentleman, and does not want a name, which goes a long way in obtaining the confidence of the old soldier, who is always suspicious of one of whom he has heard anything.

He has now a fair opportunity of displaying those qualifications which make the great Captain, if he has the facilities are no doubt former friends in the Confederate Army to execute military plans than those he commands at present. We look forward with hope to a pleasant successor of our beloved Gen. HOOD, if not for one we can admire as ardently as him.

Everything is beginning to wear a busy and myste-

[illegible] SOUTH

rious aspect, as if some movement of the enemy was influencing our own at present. Our pontoons had been laid across the Holston, two brigades of infantry thrown across, with some cavalry, to guard the work of the pioneers building a trestle over Flat Creek, on the way to Knoxville, and there were other signs of a forward movement. But yesterday the pontoons were taken up immediately after the infantry had been ordered back on this side, and sent on the cars back toward Morristown. To-day we are expecting orders to move after them on the same route; and rumors are afloat that the enemy has been reinforced and is moving a column up the valley beyond Clinch Mountain, to fall suddenly across the Holston on near Rogersville, on Gen. LONGSTREET's rear. No doubt GRANT has discovered the necessity of removing this force from his left flank, before venturing to penetrate the interior of Georgia. This may be a step for that purpose, and Gen. LONGSTREET discovering it, is preparing to meet it.

Great numbers of the troops have redoubled for the war, in the face of all the hardships and sufferings which are before them. Our admiration for such noble courage and fortitude cannot be expressed.

GEN. JONES' LATE CAPTURES.

From the Lynchburgh Republican.

The recent captures of Gen. WM. E. JONES, near Cumberland Gap, were upwards 1,500 men, officers and Captain, both wounded; five Lieutenants and two hundred and seventeen privates, also six deserters from the Twenty-seventh Virginia Battalion, and twelve citizens; thirteen negroes—twelve men and one woman—six wagons and harness, two ambulances, twenty horses and one threshing machine. The enemy's loss in killed, five; our loss, five killed—Capt. BURKS, Twenty-first Regiment, of Botetourt County; two privates of Co. K, Eighth Virginia Cavalry, one private of the Thirty-fourth Virginia Battalion, and one private, company and regiment not given.

THE WAR IN GEORGIA.

ATLANTA, Monday, March 7.

On Saturday morning HUNT's Brigade of Cavalry attacked the Yankees twelve miles beyond Ringgold, and drove them from their position. The Yankees fled precipitately. We lost one man killed, and took seven prisoners.

It is well ascertained that the recent Yankee advances was made with the intention of a general attack. The enemy were much surprised to find GEN. JOHNSTON in such force. There are no present signs of a movement on the part of the Yankees.

THE PRISONERS.

FLAG OF TRUCE—ARRIVAL OF GEN. W. H. F. LEE.

From the Richmond Dispatch, Feb. 16.

A flag-of-truce boat arrived at City Point on Saturday afternoon, bringing up from Fortress Monroe six hundred and fifty-odd Confederate prisoners. Among the officers (about fifty in number) is Brig.-Gen. W. H. F. LEE, captured by a raiding party, while sick at his residence in Louisa County, some time last Summer, and since that time held as hostage for Capts. SAWYER and FLINN, under sentence of death by retaliation for two Confederate officers who were hung in Kentucky by order of GEN. BURNSIDE, charging them with recruiting for the Confederate service within the Yankee lines.

Among the Yankee prisoners who will leave this morning for City Point on parole, as an offset for the number of Confederate prisoners now awaiting transportation from City Point to this city, are Gen. NEAL DOW, of Maine Liquor Law notoriety, and Capts. FLINN and SAWYER, the two officers who were under sentence of

MESSAGE FROM HIS HONOR THE MAYOR.

The following message was received from his Honor the Mayor, returning, without approval, resolution directing the Third-avenue Railroad Company to extend their tracks through a certain street:

MAYOR'S OFFICE, NEW-YORK, March 8, 1864.

To the Honorable the Common Council:

GENTLEMEN: The preamble and resolutions authorizing the Third-avenue Railroad Company to lay tracks in certain streets of the City I herewith return, with my objections thereto.

The permission given this Company to run cars through the Third-avenue and other streets to the intersection of Park-row and Broadway is founded on a grant of the Corporation in one thousand eight hundred and fifty-two. I cannot, however, assent to the concession that this Company possesses the exclusive right to run cars on the Third-avenue, and that in the grant no such judgment would, in effect, surrender the rights of the Corporation under its charters to the regulation and control of the streets, so far as the Third-avenue Railroad Company is concerned. The grant is a license limited and conditional, and not an exclusive monopoly.

The privileges enjoyed by the company is one that depends on the convenience of the public, and nothing can be more erroneous than the supposition that a franchise of this character was or could be granted in perpetuity to any private corporation.

The permission sought is to be given to the Third-avenue Company by the Common Council to lay tracks and operate them in certain streets in contravention of the act of the Legislature "relative to Railroads in the City of New-York," passed January thirty, one thousand eight hundred and sixty, for it cannot be presumed that the common council had any valid authority to lay tracks at the time of the passage of said act, in the streets enumerated in the resolutions.

The extension of the track through Sixty-sixth-street, or Seventieth-st., to Fifth-avenue, crossing the line of Fourth-avenue, on which steam is used as a motive power, by the Harlem and the New Haven Companies, is in my judgment attended with great danger to life.

I fail to perceive any demand or accommodation to the public in extending the track of the Third-avenue railroad through Chambers-street to Broadway, while the running of cars will interfere with business in the New Court House, now in process of erection at the northern line of the Park, at an enormous expense.

The completion of One Hundred and Thirtieth-street, between Third and Fourth avenues, is also rendered with no public advantage, but is solely for the benefit of the company, which will thus be enabled to dispense with the purchase of land, and the erection of a depot, at or near the terminus, for the purpose of containing the cars.

I would further state that this company, in laying out its lines, has, in operative business, shown no disposition to comply with the regulations of the Common Council, or pay anything in the shape of license fees or otherwise, for the valuable franchise it possesses. The liberal offer of the Harlem Railroad Company affords a contrast in the policy pursued by the Third-avenue Company in this respect.

C. GODFREY GUNTHER, Mayor.

It was ordered, laid on the table for ten days, &c., to be published in the papers employed by the Corporation.

Who Minds a Cold?—It seems a small affair, and, in consequence, is allowed to have its own way; and yet how frequently a neglected cold ends in bronchitis or consumption! Why not take a cold in time, then, and, by using at once Dr. D. JAYNE'S EXPECTORANT, which for thirty years has been a standard remedy for all coughs and colds, avoid these dreadful alternatives?

WHAT IS MEANT BY BRONCHITIS

is an inflammation of the bronchia, or passages which convey air to the lungs. In its earlier stages this disease is commonly called a cold, or a cold in the breast. It usually comes on with a little hoarseness, followed by a moderate cough, with slight feelings of heat or soreness about the throat or chest. If not arrested, the cough becomes one of the most prominent symptoms, as well as the most painful and distressing; the inflammation increased in intensity, until it finally interferes with access of air to the lung cells, when the vital powers soon give way. In most of the stages of this disease Dr. JAYNE'S EXPECTORANT effects a speedy cure, by producing a free and easy expectoration, suppressing the cough and allaying the fever. A fair trial is all that is asked.

IN CONSUMPTION, AND ALL PULMONARY COMPLAINTS,

Dr. JAYNE'S EXPECTORANT will afford immediate relief, by removing the difficulty of breathing, and producing an easy expectoration, whereby all irritating and obstructing matters are removed from the lungs. Having maintained its reputation in all parts of the world for over a quarter of a century, it is confidently recommended as the best remedy ever offered for the disease it professes to cure. Sold by Agents and Druggists everywhere, from whom may also be obtained Dr. JAYNE'S SANATIVE PILLS, a prompt and effectual cure for costiveness, sick headache, and all bilious affections. The Expectorant, and all Dr. D. JAYNE & SON'S Family Medicines, are sold by KITCHEN, TYLER & CO., No. 141 Chambers-st. and No. 1 Hudson-st., and by Druggists generally.

FINANCIAL AND COMMERCIAL INTELLIGENCE.

HALIFAX, Wednesday, March 16.

The R. M. steamship *Arabia*, from Liverpool March 5, via Queenstown 6th, arrived at this port, en route for Boston, this evening. Her advices are two days later than per steamship *Java* at Portland.

The Cunard ship *City of Washington*, from New-York, arrived at Liverpool on the morning of the 5th. The *Arabia* passed the *China* on the 6th at 6 P. M., off Cape Clear.

On the 5th, signaled the American ship *Southampton*, bound east.

The ship *Northern*, bound from London to New-York, whilst put back to port on the 1st inst., with damage, is discharging her cargo for repairs.

GREAT BRITAIN.

The London *Shipping Gazette* says the Galway Company confines themselves to Boston, and ask to be relieved from the postal contract. It recommends to the company to sell their ships, and not attempt the transfer from Galway to Cork.

The same paper says that the Government had resolved to make Falmouth the packet station for all foreign mails, instead of Southampton.

The annual general meeting of the Atlantic Telegraph Company was announced for the 16th of March, at London.

The appeal to the House of Lords in the *Alexandra* case had been entered for hearing, and will probably therefore be taken up before the Easter vacation.

The *Daily News* replies to the papers of the *Times* et Con. Herald concerning negro labor in Louisiana, and applauds the measure as necessary, progressive in the step from Slavery to entire freedom.

The *Times*, in an editorial on the taxation to which America must be subjected, says the inevitable truths of finance are at length dawning on the American mind, and once the Americans can and must make up their minds to bear widespread and equitable taxation.

In the House of Commons on the 4th, the Attorney-General laid the papers relative to the detention of the Tuscarora at the Cape of Good Hope were in preparation, and would be laid before Parliament in a few days.

Mr. Sidney Lefevre called attention to the course pursued by the Confederate agents in England in fitting out war vessels and enlisting seamen, and moved for the papers on the subject. He denounced the proceedings, regretted that the *Alabama* was not detained, and contended that all such vessels should be prohibited entering British ports, and if they did, British seamen should refuse to go.

The Solicitor-General defended and defended the course of the Government, and asserted that every effort had been made to honestly carry out the laws and maintain neutrality. He admitted that the vessels might be prohibited entering British ports, and said the Government were considering the subject of how they could remonstrate with the Confederate Government.

THE DANISH WAR.

No fighting is reported.

The remonstrance of France to Prussia against the advance of the Prussian troops into Jutland is said to be far less forcible than England's, but the tone of the documents is considered indicative that NAPOLEON fully knows what he says.

Neumuet, in Holstein, is blockaded.

It is asserted that the Prussians have notified England of an intended early attack on Frederica.

The Austria semi-official *Correspondenz* of Vienna denies the rumored warlike preparations in Venetia, and most positively declares that Austria has not the remotest intention of assuming the offensive. The rumors can nevertheless be repeated via Turin.

LATEST VIA LIVERPOOL.

LIVERPOOL, Saturday, March 5.

SHAW LEFEVRE'S speech in the House of Commons last night relative to rebel cruisers was strongly Northern in sentiment. He maintained the vessels were British, and it was absurd to call them Confederate war-vessels. He gave the Government credit for endeavoring to carry out the Foreign Enlistment Act, but the 'act is insufficient, and the remedy should be applied.

There is nothing important to-day relative to the Danish war, and nothing is expected until the Interval requested by Denmark for deciding the conference question expires.

A Vienna telegram says the mission of the Prussian Minister, MANTEUFFEL, to Vienna, had the desired result, Austria having consented to a continuation of operations to Jutland.

The Federal Diet officially announces that it has received no invitation to a conference.

Search for the Italian Frigate.

A FLEET OF FIVE STEAMERS SAILS TO-DAY.

Vigorous and successful exertions were made yesterday for a prompt search for the Italian war steamer seen in distress by the *Star of the West*, as detailed in our evening edition of Tuesday. A meeting was held at the Italian Consulate yesterday morning, at which several officers and distinguished citizens attended. It was resolved to charter a steamer, and send her to the latitude where the frigate was seen. She was seen March 7, lat. 40° 40' lon. 64° 24' at 4 o'clock P. M.; her main topmasts were gone, and on being hailed, the reply was that she was in a sinking condition. The *Star of the West* lay to and remained in the vicinity until morning, when, seeing nothing of the vessel, she resumed her course. All the probabilities are, and it is generally believed, that the vessel was the Italian man-of-war *Re Guglielmo*, which sailed hence on the 24 inst. The *North Star* has been secured, and at once preparations were made to have her start forthwith. All the necessary materials were quickly put on board, and in the afternoon the fires could have been lighted. A communication reached the Consul from Commodore RADFORD, to the effect that a steamer would be dispatched from the Navy-yard as soon as she could possibly be got ready. The U. S. steamer *Powhatan*, Commander SEPTIMUS, will leave this morning, or this afternoon at furthest, for the location of the disaster. The Russian and French authorities have also signified their intention to send off each a vessel immediately. An English war steamer in port is also to go, so that at least five steamers will be outward bound this evening on the charitable mission. The Russian corvette is to sail from Hampton Roads. Another meeting of Italian officers and American gentlemen took place last night at the Everett House, where measures were taken to secure the hasty departure of the mourning fleet.

St. Patrick's Day.

THE PROGRAMME FOR THE CELEBRATION.

To-day the honors to Ireland's "Patron Saint" are to be paid. The various Hibernian societies will unite in a grand civil and military procession, in accordance with the published programme of the Grand Marshal of the day. The civil societies will form at 10 A. M., in East Broadway, right resting on Grand-street. The procession will move on the firing of a signal gun. Its arrival at City Hall Park will be announced by a salute of 17 guns. The First Regiment, N. Y. S. N. G., Col. MARTON, will parade in full uniform, and during the line of march join the procession.

The entire procession will be reviewed in front of the City Hall by the Mayor and Common Council. After which, passing out at the West gate, the procession will proceed up Broadway to Fourteenth-street, passing round and saluting the statue of WASHINGTON; thence through Fourteenth-street to Seventh-avenue, up Seventh-avenue to Twenty-third-street, through Twenty-third-street to First-avenue, down First-avenue to Ninth-street, through Ninth-street to Fourth-avenue, and there dismiss.

The following societies will be represented in the procession:

Ancient Order of Hibernians of New-York; Ancient Order of Hibernians of Brooklyn; Father Matthew T. A. B. Society, No. 2, of New-York; Society of the Immaculate Conception; Hibernia Benevolent Society; Father Matthew U. B. T. A. B. Society; Longshoremen's Society; Barry B. Society; Benevolent U. S. of Erin; Father Matthew U. B. T. A. B. No. 2; Thomas F. Meagher Club; St. Ann's R. C. T. A. S., Brooklyn, and Father Matthew T. A. B. S., No. 2.

A solemn high mass will be celebrated in St. Patrick's Cathedral, at 10½ o'clock A. M., by the Very Rev. STRANG, Administrator of the Diocese, and the panegyric of the Saint will be preached by Rev. FRANCIS E. BOYLE, of Washington, D. C.

In the evening there will be a flag presentation by the Irish ladies of New-York to the First Regiment Phœnix Brigade; a ball by the officers of the Sixty-ninth, a dinner by the Sons of St. Patrick at the Astor House, and a dinner by the Friendly Sons of St. Patrick at Delmonico's.

The Last Call for Troops.

The following order was yesterday issued by Brig.-Gen. HAYS:

OFFICE A. A. PROVOST-MARSHAL-GENERAL, SOUTHERN DIVISION, NEW-YORK, March 16th, 1864.

CIRCULAR.—Provost-Marshals are instructed to proceed with the clerical force present in their employ in the preparation of the cards for the draft on April 15.

The quotas of the different districts and sub-districts will be announced hereafter.

Bounties will be discontinued on April 1, except the $100 authorized by act of Congress, approved July 22, 1861. With proper exertion, it is hoped that the quota of the Southern Division of New-York can be filled by April 15, and thus render a draft here unnecessary. By order of

Brig.-Gen. HAYS, A. A. Provost-Marshal-Gen.
H. F. BOWERS, Assistant-Adjutant-Gen.

SUPERIOR COURT—*Part I.*—Nos. 3049, 3201, 3217, 547, 3275, 3527, 3427, 1125, 3572, 3369, 3583, 3589, 3593, 3595, 3597. *Part II.*—Nos. 1922, 380, 3262, 2062, 2656, 1062, 3378, 824, 2258, 3266, 3400, 628, 3440, 3338, 3436.

AN ENLARGEMENT AND IMPROVEMENT.—The extraordinary success which has attended the enterprise of Mr. J. T. ELLIS in opening a central emporium for the sale of Wheeler & Wilson's celebrated Sewing Machines, No. 939 Broadway, corner of Twenty-second-street, has already compelled the proprietor to extend his facilities for meeting the requirements of the public. He has accordingly secured the adjoining premises, at No. 937 Broadway, and the spacious apartments of both buildings are now at his command. This will enable him to keep on hand a larger stock of machines, for sale and to rent, and to meet the heavy demands made upon him by families for the services of operators, a large number of whom Mr. ELLIS keeps steadily at work in manufacturing contributions for the great Metropolitan Sanitary Fair. It is highly creditable to Messrs. Wheeler & Wilson, of whose establishment Mr. ELLIS is a graduate, that they have so liberally extended to him the facilities to establish a successful and profitable business for himself, and at the same time to greatly accommodate the public by the opening of an emporium so convenient of access to all families in want of sewing machines. Mr. ELLIS gives strict personal attention to his business, is very kind and obliging to persons of limited means, and his enterprise commends itself highly to every citizen, who in patronizing him, and realizing every advantage that they could elsewhere obtain, at the same time aid in extending advantages to people at moderate means.—*Sunday Mercury.*

WEDNESDAY, March 16—P. M.

The issue of Two Years Legal-Tender 5 ₱ cents has been suspended. The following official notice to this effect was this morning received by the National Banks:

TREASURY OF THE UNITED STATES, WASHINGTON, Tuesday, March 14.

Subscriptions having been received for the total amount of Two Year Five ₱ cent. Treasury Notes with coupons attached, which it is proposed to issue, you will please receive no deposits on account of such notes after the receipt of this notice.

F. E. SPINNER, Treasurer U. S.

The foregoing announcement may be construed into an indication that the new 10-40 years 5 ₱ cent. Gold-bearing Loan is soon to be brought on the market.

The price of gold ranged to-day very much as it did yesterday, the fluctuations being 3 ₱ cent. The figures in the Gold room were as high as 161¾ and as low as 160¾ ₱ cent. There was no substantial reason for the doubt thrown upon the Gold resolution in Congress, and consequent advance to 161¾ early in the forenoon. As an Administration measure, we felt quite sure it would go through the House, in one shape or another, so as to give the Secretary of the Treasury the control over the demand for Customs and the disbursements for the Interest and Sinking Funds. An editorial paragraph in one of the Opposition papers this morning, argued that the Resolution is designed to force an artificial *decline* in the market price of Gold. The real purpose is to check an unnecessary *advance*, (artificial, if you please to call it so,) by withdrawing from the market, through the Customs, of a much larger sum of Gold than is immediately wanted by the Treasury for the payment of Interest, no considerable sum of which falls due before the 1st of May. The other outlet, the Sinking Fund, was closed to the Secretary, according to his construction of authority and duty on the subject, by a defect in the Acts of Congress of 1862. It was proper, therefore, that the present Congress should remove the difficulty whereby the Government was placed in the singular and inconsistent attitude of creating a much larger demand and constant strain upon the market for Gold through the Customs, without authority to the Secretary of the Treasury to remedy a pressure, unnecessary in itself and prejudicial, in every way, to the credit of the National Legal-Tender Currency.

The Railway speculation is again very fair, and at the Afternoon Board of the Stock Exchange there was much excitement on Cleveland and Pittsburgh, and Chicago and Fort Wayne among the Western Roads, and increased bidding for Hudson River among the New-York lines. Harlem not so firm as it looked earlier in the day, and Erie barely steady at 123@123¼ ₱ cent. The last-named Stock attracted less attention than yesterday, though good buyers appeared on each fractional decline in the offers to sell. The forthcoming April Dividend on the Cleveland and Pittsburgh is assigned as the cause of the advance since yesterday morning to 124 ₱ cent., and the hope of a Scrip Dividend on the Fort Wayne Stock with the consent of the Boardholders, is helping the operation in this Stock. It is understood that a meeting or conference of the stock and bondholders is in session at Pittsburgh to-day. The third class of bonds advanced 5 ₱ cent. this forenoon. The shares sold as high as 131 ₱ cent. between the Boards. Among the Miscellaneous Shares, Central American Transit had a large rise on the last news from Nicaragua, and Pacific Mail was also firmer. The Coal Stocks were firm; Canton and Quicksilver a fraction easier than yesterday. The Government Stocks steady. Treasury Certificates in request, at 99½@¾ ₱ cent.

At 4 o'clock the Railway Shares were not quite so strong as at the Second Board; the market taking the course of yesterday on Erie Common Stock, and lower on Harlem. The following prices were made in comparison with Tuesday afternoon, same hour. The price of Gold about 161 ₱ cent. The price of Money to the Stock Exchange borrowers was generally 6 ₱ cent. to-day, and the supply easy:
